

## **ASSIGNMENT-4**

**BRANCH-** MECHANICAL ENGINEERING

**SUBJECT-** ENVIRONMENTAL STUDIES

**CHAPTER-**IMPACT OF ENERGY USAGE ON ENVIRONMENT

### **SHORT ANSWER TYPE QUESTIONS**

Q1. Define Global Warming

Q2. Define Green House Effect

Q3. Define Ozone layer

Q4. Define Acid Rain

Q5. Define Eco-friendly Material

Q6. Define Recycling of Material

Q7. Define Green Building

### **LONG ANSWER TYPE QUESTIONS**

Q8. Explain the concept of Global Warming in detail

Q9. Explain the concept of Green House Effect in detail

Q10. Explain Ozone layer depletion in detail

Q11. Explain Acid Rain and its ill effects in detail

Q12. Explain Eco-friendly Material in detail

Q13. Explain Recycling of Material in detail. Also explain various recyclable materials

Q14. Explain the concept of Green Building in detail
